At that time I read of Doan's Kidney Pills and through their use, I was entirely relieved. Since then I have Doan's Kidney Pills, procured at Kelly & Pollard's drug store, as occasion has demanded, and they have always proven of benefit."

When indigestion and dyspepsia are prevalent, these same fulces come slowly if at all, are weak and insufficient or are filled with trong acids and alkalies.

When such a condition exists each meal is a hardship upon the digestive organs. The meal should strengthen the fulces, but on the contrary it weakens them, so that man by the very act of eating causes conditions to arise of themselves bring him pain and loathing for the next meal.

By eating one of Stuart's Dyspepsia Tablets you mix the tablet with your saliva and it goes into your stomach a strong, vigorous fluid, many times more powerful than the natural digestive juices. These tablets are made up from natural vegetable and fruit essences and are composed from Hydrastis, Golden Seal, Lactose, Nux, Aseptic Pepsin and Jamaica Ginger. kept constantly irritated and infected by impurities in the blood. This purity of the circulation comes from various causes. A long spell of debilitating sickness, which breeds disease germs in the system, the retention of refuse matters of the body because of a sluggish condition of the eliminative members, a continued malarial state of health, inherited bad blood, etc., are usnally responsible. But whatever the cause of the infected circulation, the sore or ulcer CANNOT heal until the blood is purified. S. S. S. heals sores and ulcers in the very simplest way. It just goes into the circulation and removes the impurities and polluted matter which are the means of keeping the sore open; then the sore is bound to heal. S. S. S. is the finest of all blood purifiers, and not only does it cleanse the circulation but it adds the necessary healing qualities to the blood, and in this way assists nature to quickly cure sores and ulcers. Salves, washes, lotions, etc., can do no permanent good toward healing an old sore because such treatment does not reach the blood. These external applications may be soothing and cleansing, but the healing must begin at the bottom, and this is just what S. S. S. does by first purifying the blood, and then furnishing nourishment and health to all the flesh tissues. Book on Sores and Ulcers free to all who write and request it.
